Contact us for a Customized Quote

- See Live Video and GPS Coordinates of every Officer.
- PTT (Push To Talk) Voice communication between body cameras.
- Send SMS Text Message from camera to camera.
- Emergency SOS Alert to Dispatch with GPS and Video.

Commander Online Platform

Using our Commander Online Platform, one camera or a fleet of cameras can be detected at any time. Watch live video footage of any Commander camera when your officers are out in the field. The GPS location of each WOLFCOM® Commander Body camera can be tracked in real time on a map. With our SOS Live Stream connect feature, Officers can relay live video footage including their GPS location to the station in the event of an emergency. **Includes 3 Dispatch Licenses FREE.**

\$500 per year

Dispatch License

Each Dispatcher will need a license to log-in to the Commander Platform and monitor and communicate with each officer that is wearing a Commander body camera.

\$150 per year (First 3 are FREE with Online Platform above)

Device License

A Device License Fee is charged for each Commander Camera system. The license allows the camera to connect to the Commander Platform for Remote Viewing, GPS Tracking, SOS Connect, & PTT communication.

\$50 per year

Add Backup and Recovery

Get peace of mind knowing your data is back up daily and monitored by WOLFCOM. We'll send you Monthly reports to let you know everything is backing up normally. In the event of a disaster, our recovery service will kick-in and we'll restore your files to your new Server.

Highly Recommended!

NAS Back up storage:

6 - 8TB: \$1,000

10 - 16TB: \$1,200

Recovery:

\$500 per year.

X2 Smart Docking Station

As you hire more Officers, you can Scale Your Body Camera System with this Stand-Alone 8 Man Smart Docking Station. Place it in any room and connect it to your network. All body camera videos are automatically uploaded through the network into the WEMS Storage Server .

\$1,595 for an 8-man docking station

\$1,990 for a 16-Man Docking Station

Mini MDVR In-Car Camera System

WOLFCOM's Newest In-Car Video System features a sleek, compact, all-in-one design. Measuring just 4" x 4" x 1", its low-profile design allows it to mount directly onto the front windshield eliminating shaky video and you don't need mounting brackets. With a built-in front facing camera that records in full 1080P and a view angle of 120 degrees, the Mini MDVR also features Wi-Fi, Bluetooth, & GPS Direct Technology that shows the location of the vehicle during video playback on our Evidence Management System.

Mini-MDVR In-Car Camera System

Add In-Car Camera System to our Body Camera Packages. **\$2,490 each. Comes with free 1-year activation of WEMS.** After the 1st year it will be \$180 per year

Add Interior Camera for Inside the Patrol Car **\$295**

The Mini MDVR In-Car System is able to wirelessly upload in-car videos directly into the WEMS (WOLFCOM Evidence Management System) server. As soon as the unit is within range of your network, the Mini MDVR will automatically connect and start the upload process.

\$1,000 Per Department, Annually

BodyCam Sync™ Software features "Dock and Go" Technology and works with any CCI certified body cameras!

[Click Here to Watch The Presentation Video](#)

Never drag and drop again! BodyCam Sync™ will automatically upload files from your body camera to a folder on your computer. If you have multiple cameras, simply dock the cameras or connect them to your computer and BodyCam Sync™ will do the rest.

- Seconds to install. Easy to use. Works on any Windows 7 and 10 PC.
- Automatically detects each body camera and creates a folder for it.
- Automatically creates separate folders with user Badge ID and Device ID.
- Videos are automatically uploaded and sorted onto each officer's folder.
- Add as many cameras as you want.
- Upload up to 12 body cameras simultaneously.
- Dock and Go Technology saves you Time & Money.
- Works with any CCI Certified Body Camera.

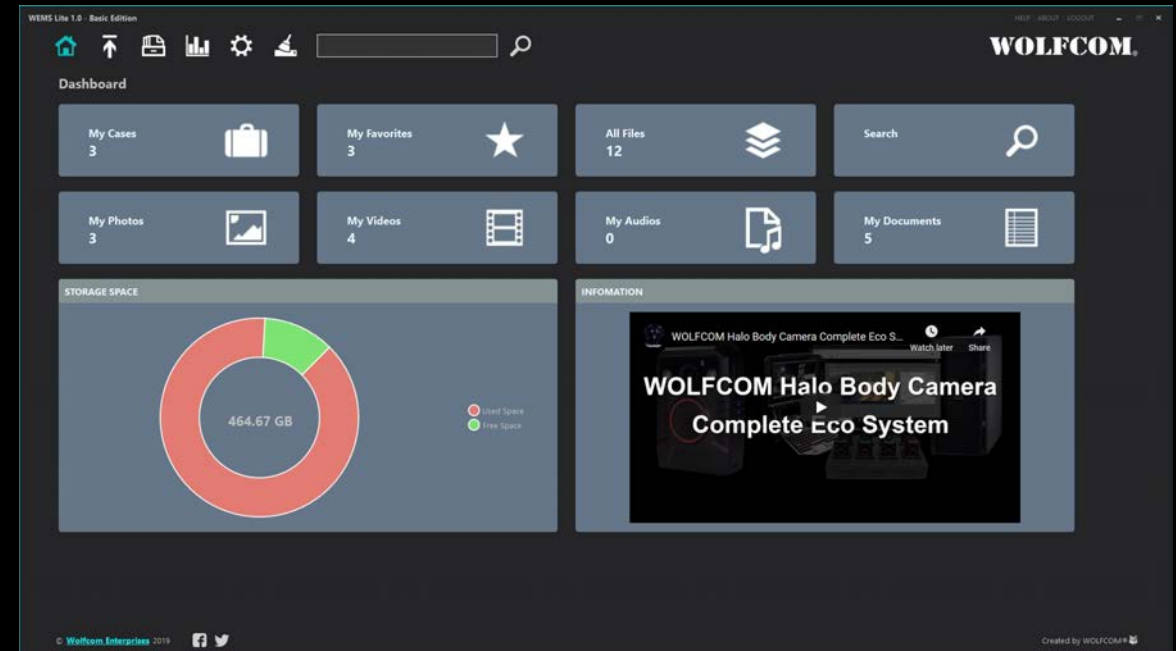

Bundle up and save!

Purchase a BodyCam Sync + External NAS Drive (4-10 TB) bundle to save money and make sure you never run out of storage for your body camera files!

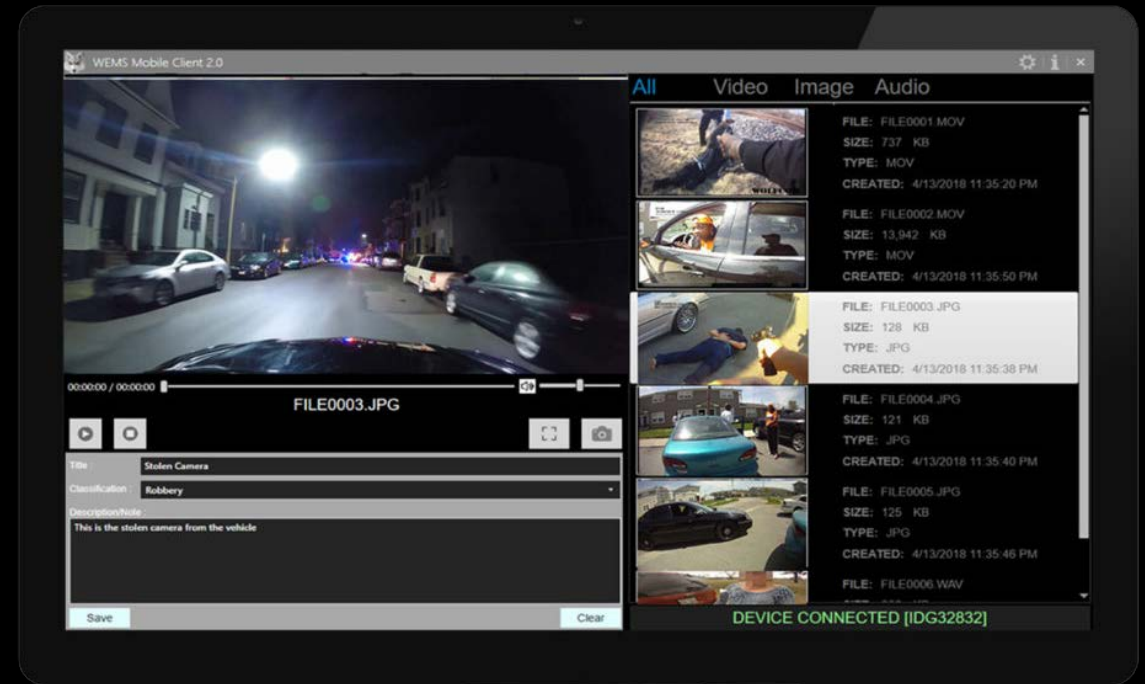

WEMS Lite FREE Evidence Management Software

WEMS Lite is the world's first FREE Evidence Management Software and it's available for everybody. Its easy-to-use interface allows users to easily navigate through pages and manage files from any body cameras or other devices. WEMS Lite is a light software that requires minimum computing power, which makes it compatible with most computers out there.

With our Mobile Client Software, your officers can tag, classify, and notate videos from the WOLFCOM body camera directly on the field. Saves time and saves money.

Our Mobile Client Application installs on your mobile data terminal. Police Officers can use the mobile app to tag video, classify, and write notations onto the body camera files. At the end of an officer's shift, when uploading data from WOLFCOM body cameras and In-Car cameras, all metadata will sync within the (WEMS) WOLFCOM Evidence Management Software.

\$99.99 Per License Per Year
