Cloud Storage Plans

Our CJIS Compliant Cloud Storage is available for Law Enforcement & Government Agencies that need a simple and secure method to upload and store body camera video footage as well as other digital assets. Our servers are 100% secure and abide by the [Criminal Justice Information Services](#) requirements. Save time, resources, and space. Let us worry about your stored digital files so you don't have to.

No overage charges - No hidden fees - You control your cost Set your own storage capacity

No Overage: Our system will alert you when your storage is at 85% capacity. That way you can adjust your Retention Policies to custom fit your agency. It's like having your own private server in the cloud. You "Set & Control" your usage and your cost. Your bill will never be more than what you expect it to be.

Pool your storage capacity together: All of your officers can pool together their storage capacity. For example, if you purchase our Pro Package (600 GB per officer) for 10 officers, your officers can pool their allotted storage together and share 6000 GB (6TB) of storage. This method is extremely beneficial if an officer takes sick leave. His/her cloud storage allotment will never go to waste!

Add storage as your needs grow: You can add additional storage as your needs grow. Need to add another Terrabyte of storage? No Problem. Each additional Terrabyte of storage is just \$720 a year. Best of all, your officers will be able to share and pool all of your storage capacity together!

 Basic \$325/Year	 Pro \$540/Year	 Unlimited \$900/Year

Add Backup and Recovery

Get peace of mind knowing your data is back up daily and monitored by WOLFCOM. We'll send you Monthly reports to let you know everything is backing up normally. In the event of a disaster, our recovery service will kick-in and we'll restore your files to your new Server.

Highly Recommended!

Mini MDVR In-Car Camera System

WOLFCOM's Newest In-Car Video System features a sleek, compact, all-in-one design. Measuring just 4" x 4" x 1", its low-profile design allows it to mount directly onto the front windshield eliminating shaky video and you don't need mounting brackets. With a built-in front facing camera that records in full 1080P and a view angle of 120 degrees, the Mini MDVR also features Wi-Fi, Bluetooth, & GPS Direct Technology that shows the location of the vehicle during video playback on our Evidence Management System.

Mini-MDVR In-Car Camera System

Add In-Car Camera System to our Body Camera Packages. **\$2,490 each. Comes with free 1-year activation of WEMS. After the 1st year it will be \$180 per year**

Add Interior Camera for Inside the Patrol Car **\$295**

The Mini MDVR In-Car System is able to wirelessly upload in-car videos directly into the WEMS (WOLFCOM Evidence Management System) server. As soon as the unit is within range of your network, the Mini MDVR will automatically connect and start the upload process.

Install on Your Own Computer

With our Mobile Client Software, your officers can tag, classify, and notate videos from the WOLFCOM body camera directly on the field. Saves time and saves money.

Our Mobile Client Application installs on your mobile data terminal. Police Officers can use the mobile app to tag video, classify, and write notations onto the body camera files. At the end of an officer's shift, when uploading data from WOLFCOM body cameras and In-Car cameras, all metadata will sync within the (WEMS) WOLFCOM Evidence Management Software.
